

Membership Information

The Central Texas CCIM Chapter currently consists of CCIM Designees, CCIM Candidates, and Affiliate members. The Chapter serves as a focal point where members can exchange ideas, properties, and help each other solve real estate problems. The Chapter also serves as a means to exchange information about real estate prospect needs, both locally and nationally.

The Chapter holds programs for commercial real estate professionals including educational topics of interest, property exchanges & special networking events to allow for relationship development for commercial transactions.

Our membership consists of members throughout Central Texas area that specialize in commercial real estate, including office, industrial, retail, land, and apartments.
